

# Report

## on participation in MIPRO 2015 - 38th International Convention

**Duration:** 25-29 May 2015.

**Place:** Opatija, Croatia.

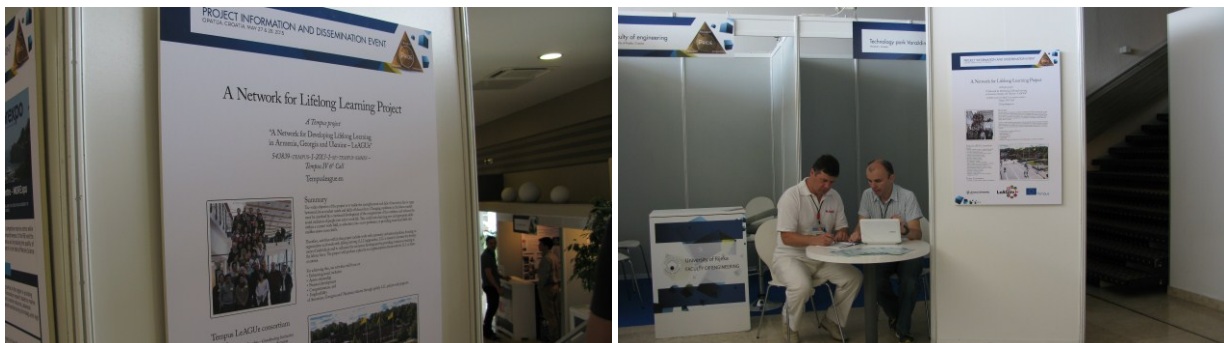

**Participants** (from LeAGUe project): Sergii Stirenko (NTUU) and Yuri Gordienko (NTUU)

**Events** (where representatives of LeAGUe project took part in):

1.

**Event Title:** [“Project Information and Dissemination Event” \(PRIDE\)](#)

**Activity:** Standalone poster (5c) [“A Network for Developing Lifelong Learning in Armenia, Georgia and Ukraine – LeAGUe”](#) presented by NTUU representatives (Sergii Stirenko and Yuri Gordienko). Leaflets with description of LeAGUe project were disseminated among visitors of PRIDE event.

2.

Event Title: International Conference [“Distributed Computing, Visualization and Biomedical Engineering” \(DC VIS\)](#)

Activity: Oral Paper [“Science Gateway for Distributed Multiscale Course Management in e-Science and e-Learning — Use Case for Study and Investigation of Functionalized Nanomaterials”](#) presented by NTUU representative (Yuri Gordienko). It contains acknowledgment of LeAGUE project. It is already published in the Conference proceedings and it will be submitted for posting to IEEE Xplore.

3.

Event Title: [International Conference “Computers in Education” \(CE\)](#)

Activity: Informal discussions were carried out with presenters and visitors of CE. Leaflets with description of LeAGUE project were disseminated among visitors of PRIDE event. Some previous negotiations were reached for sharing and dissemination of information on e-Learning (as a whole) and LeAGUE project.

## List of contacts

(which were involved in the negotiations for sharing and dissemination of information on e-Learning as a whole and LeAGUe project especially):

- Desiree Pecarz (ZSI Centre for Social Innovation, Vienna, Austria): discussions as to possibilities for sharing and dissemination of information on e-Learning and LeAGUe project through ZSI (Zentrum fur Soziale Innovation - Centre for Social Innovation).

- Representatives of IEEE Xplore Digital Library: discussions as to possibilities for sharing and dissemination of information on e-Learning and LeAGUe project through IEEE Xplore.
- Janusz Opila (AGH University of Science and Technology, Krakow, Poland): discussion as to involvement of students in e-learning, experience and possible future actions.
- Maja Ćukušić (Sveučilište u Splitu, Ekonomski fakultet, Split, Croatia): discussion in relation to MOOCs in m-learning and e-learning, experience and possible future actions.

- Representatives of University of Zagreb (Faculty of Education and Rehabilitation Sciences, Department of Inclusive Education and Rehabilitation, University of Zagreb, Croatia): discussion as to development of web-applications for inclusive education, and as to possibilities for sharing and dissemination of information on e-Learning and LeAGUe project.
